"IT NEVER GETS EASIER, YOU JUST GET FASTER"

12 & 24 Ho

ours of Flathead

12 & 24 Hours of Flathead isn't your average mountain bike race. Not only is it the only 12 & 24 hour mountain bike race in Montana, but it is also the only race in the Pacific Northwest that offers an adaptive handcycle course. The race began in the summer of 2012 as an endurance 24 hour mountain bike race to raise awareness and funding for adaptive sports programs in the Flathead Valley. It has since expanded into an eight-mile cross country course and a two-mile adaptive handcycle course for singles, duos and 3-5 person teams.

Food & Fun

Riders that are wary of riding for more than 12 hours can enter the hot lap category. Now in its sixth year, the race will be held on August 18-19, 2018 at Herron Park in Kalispell and will feature live music by Mike Murray Band and Dan Dubuque, great food, and camping in scenic Northwest Montana.

Last Best Grant

100% of the proceeds go to "The Last Best Grant;" a grant established in 2017 that provides individuals living in Northwest Montana with paralysis or other life altering disabilities funding to purchase adaptive sports equipment. For more information, visit 24hoursofflathead.org.
