## GlowForge Pro Laser Printer

There is no limit to what you can create. Cut, score, and engrave wood, acrylic, leather - even chocolate. Take your craft to a new level. \$5999 at <https://glowforge.com/>.

## Our Review of the GlowForge Pro

This is a gamechanger for disabled artists, makers and crafters. The precision of the engraving and cuts is beautiful. Tiny fonts, ultra fine lines, and highly detailed artwork come out perfectly. Wood, paper, acrylic, slate, whatever your medium, this Pro will take your art beyond your expectations. It set up and had completed the first project within an hour. It's small enough to go in your craft room or garage and fits perfectly on an adjustable height workbench. The passthrough slot lets you make larger projects, and the app with instructions and ready made files make it easy to get started.
